Dear Sir, Dear Madam,
Dear Erasmus Without Paper Champion,

I am delighted to congratulate you on being selected as one of the Erasmus Without Paper (EWP) Champions. The selection of your institution is a testament to the unwavering commitment you and your colleagues have shown to advancing digital management of Erasmus+ student mobility during a challenging transition period. As a result, you have acquired a high level of experience and expertise that we believe can help other higher education institutions to further progress and improve EWP in the future. We are truly inspired by your efforts and thankful for your dedication.

As EWP Champion, we propose you to play a pivotal role in our communication and outreach activities by sharing your examples of good practice, how you overcame challenges and the benefits that you got. We are also inviting you to cooperate with us in identifying ways to improve and expand functionalities in EWP, building on your knowledge of business processes in higher education institutions and supporting us in testing. We are confident that your invaluable input will help to enable smoother processes in EWP and your success stories will inspire and accelerate adoption across all higher education institutions in the Erasmus+ countries.

We kindly ask for your confirmation that the EWP+ consortium may contact you directly to organise your participation in meetings and to prepare communication materials where your example, shared with us in your application, will be useful. Please do so **by 15 July** via email to EAC-HE@ec.europa.eu. Your active participation, which involves dedicating 3-5 days per year to our cooperation, will be essential.

Once again, congratulations on becoming one of our first EWP Champions! Your cooperation and enthusiasm will be key towards the next phases of the digitalisation of Erasmus+. We look forward to embarking on this journey together and witnessing the positive impact this will create.

Yours faithfully,

e-signed
