HOW TO REACH ÇORUM

The nearest airport to Çorum is Merzifon Airport, but it has very limited flight options—typically only one or two flights per day, mainly from Istanbul airports.

For this reason, the preferred and most convenient option is Ankara Esenboğa Airport.

On 18th November 2025, the host team will likely organize a private shuttle bus in the late evening from Ankara Esenboğa Airport to Çorum. The road journey is expected to take approximately 3 hours.

Detailed pick-up schedules and travel arrangements will be shared with participants individually.

SOCIAL PROGRAMME

As part of the workshop, participants will have the opportunity to explore the rich historical and cultural heritage of the region through a carefully planned social programme:

A visit to Amasya, a city listed on UNESCO's Tentative World Heritage List, known for its stunning architecture, Ottoman-era houses, and scenic riverside views.

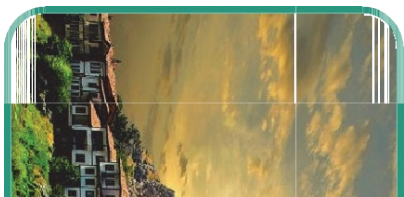

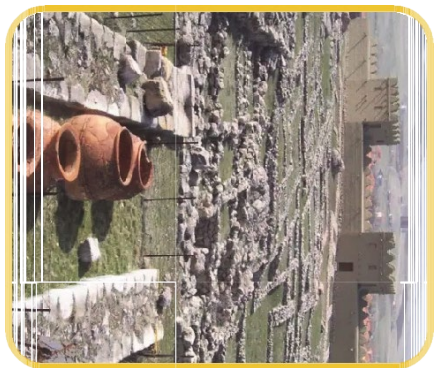

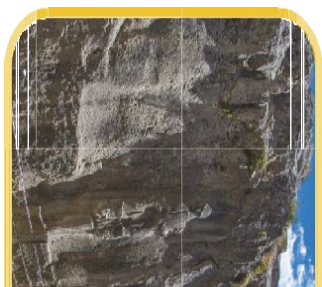

An excursion to the ancient city of Hattusa, the former capital of the Hittite Empire, which is also a UNESCO World Heritage Site. The Hittites were one of the major powers of the ancient world, known for their early use of written law and advanced state organization.

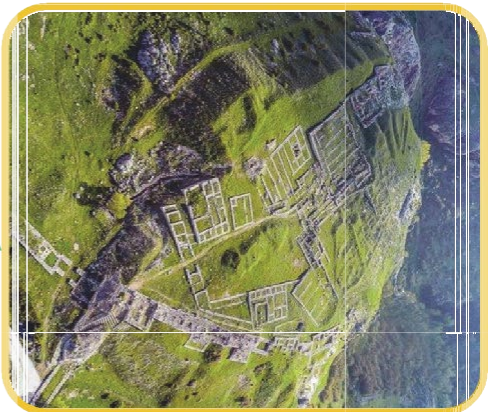

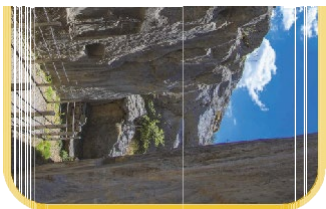

A historical walking tour of Çorum city center, highlighting local culture, architecture, and cuisine.

FUN FACT:

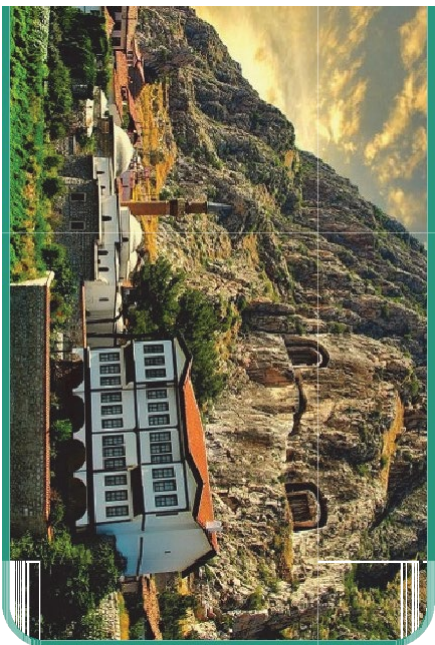

The name of the host university, Hitit University, is derived from the Hittite civilization, reflecting the region's deep historical roots and archaeological significance.
